14 September 2020

Dear Parents and Carers,

As part of our EMPOWER curriculum, students will be using the Food Studies room for cookery lessons. Lower School classes will be using the Food Studies room every week on a half termly basis. We would like students to experience and develop the basic skills and understanding for planning, preparing and cooking a variety of food and drinks, as well as developing safe and hygienic practices.

We always aim to sit together at the end of each food lesson for students to try what they have made, which will give them all the opportunity to develop their understanding of tastes, textures and smells that they like and possibly, are less keen on.

We try to keep costs as low as possible by providing the basic ingredients and budgeting carefully but there is still some more cost involved. We would therefore like to ask for a contribution of £5.00 towards the ingredients for the Autumn Term. Please send your contribution and the completed slip below, to the tutor in an envelope marked with your child's name and class by Friday 2<sup>nd</sup> October 2020.

Thank you in advance,

**Sophia Marquiss**

Lead Practitioner
