

Evidence for Learning - Family
theTeacherCloud Ltd

Dear Parent/Guardian

At Lampard Community School we use an application called 'Evidence for Learning (EFL)' to record your child's learning. We take photos and videos of your child's learning and progress towards their Personal Learning Goals. This evidence is then uploaded into their termly Learning Journals and/or End of Year Reports, which we share with you via the evidence for learning (EFL) family app.

The evidence for learning (EFL) family app is now available via the app store (Apple devices) and play store (android devices).

Go to your app store and search for Evidence for Learning Family. There are lots of very handy guides on our school website under the Parents and Carers tab, on the Evidence for Learning page.

The Evidence for Learning programme allows parents/carers to upload photos, short videos and descriptions of their child's progress learning and progress towards their EHCP outcomes that have been worked on at home.

Any use of the Evidence for Learning (EFL) family app will need to abide by the following acceptable usage conditions:

Images uploaded to the Evidence for Learning (EFL) family app from school

Photos uploaded by tutors from school may contain your child within a group of children.

Students who are not allowed to be included in photos at school will not be included in group photos

In line with our safeguarding policy, no images from school should be uploaded onto any social media

EFL Parent Portal accounts will be deactivated if school-based images are used on social media

When sharing home based photos and videos please consider: -

People/children in the photos/images, **must** have given their consent for the image to be shared with school

The image/video **must** be appropriate for school use i.e. clothing/language/consider who or what is in the background of the image.

Please return this form to the school before using the portal.

Kind regards,

Sophia Marquiss
