Friday 6th September 2024

Dear Parents and Carers,

As part of our EMPOWER curriculum, students will be using the Food Studies room for cookery lessons. We would like students to experience and develop the basic skills and understanding for planning, preparing and cooking a variety of food and drinks, as well as developing safe and hygienic practices. We aim to sit together at the end of each food lesson for students to try what they have made, to give everyone the opportunity to develop their understanding of the tastes, textures and smells that they like and those they are less keen on. We will be tasting and cooking with a variety of ingredients, all of which will be suitable for the children. I would be grateful if you would complete and return the slip on the other side of this letter.

Middle School classes will be using the Food Studies room every other half term. We try to keep costs as low as possible by providing the basic ingredients and budgeting carefully but there is still a small additional cost involved, so we are asking for a contribution of £6.00 towards the ingredients for this term. This can be paid via cash, cheque made payable to Devon County Council or via Parent Pay.

Please send your contribution and the completed slip on the other side of this letter, to the tutor in an envelope marked with your child's name and class by Friday 13th September 2024

Please do not hesitate to contact me if you would like to discuss this further. Thank you in advance for your support.

Katie Altham
