

Safeguarding Support and Advice

Dear Parent/Carer,

We have put together a bank of contact details and links to services that can offer support to families around different issues including; online safety, keeping healthy and keeping safe. We have included links to local Devon-based support services as well.

We have introduced a dedicated safeguarding email address for our website so that anyone can contact us regarding a non-urgent safeguarding query. The email address is safeguarding@lampard.devon.sch.uk and can be found on our safeguarding and online safety pages on the school website.

If you would like further information on any aspect of safeguarding or links to support services, please email us. We will be checking our inbox at regular intervals and aim to get back to you as soon as possible.
